OBJECTIVE

- An aspiring professional in Python Full Stack Development with hands-on experience in building web applications using modern technologies.
 - Strong conceptual knowledge of Python, Django, React.js, JavaScript, HTML, MySQL, SQLite3, PostgreSQL, Django REST Framework and Node.js.
 - Adept at creating seamless front-end and back-end integration, optimizing user experience, and ensuring responsive design across devices.
 - A proactive team player with strong soft skills, including communication, adaptability, leadership, self-learning, and time management, complemented by a passion for continuous professional growth.
-

EDUCATION

MASTER OF COMPUTER APPLICATION

LEAD COLLEGE OF MANAGEMENT AUTONOMUS,
DHONI 2024 - PRESENT

BACHELOR OF SCIENCE IN ELECTRONICS

COLLEGE OF APPLIED SCIENCE [IHRD],
VADAKKENCHERRY 2020 – 2023

INTERNSHIP

PYTHON DJANGO FULL STACK DEVELOPER (AUG 2023 - MAR 2024)

- Six-months internship in Python Django full stack development at Luminar Technolab, Kochi
- Acquired hands on experience with Python full stack technologies, including MySQL, React.js and Node.js, to develop a web application.
- Integrated Django REST Framework to create RESTfull APIs, facilitating seamless communication between the front-end and back-end components of the application.
- Implemented user authentication and authorization using Django's built-in authentication system and custom middleware for secure access control.

PROJECTS

E-BLACKCAPZ – E-Commerce Website

Tech Stack: Python, Django, Django REST Framework, React.js, JavaScript, MySQL

Duration :3 months

- Built a full-stack e-commerce application with Django for backend and React.js for frontend.
- Designed responsive UI/UX compatible with all device sizes.
- Integrated product search and filtering using Django search and Elasticsearch.
- Implemented key e-commerce features: user authentication, cart, checkout, and orders.
- Ensured secure API communication using Django REST Framework.

UpLearn – Inclusive Alphabet Learning Platform

Tech Stack: React.js

Duration: 2 Months

- Developed a web-based educational application using React.js for the front end.
 - Specifically designed to assist children with cerebral palsy in learning the English alphabet.
 - Focused on inclusive and accessible design principles to ensure a supportive and engaging learning experience.
 - Created an interactive and intuitive user interface tailored for users with physical, sensory, or cognitive challenges.
-

CERTIFICATIONS

Python - Web Development

National Council for Technology and Training, New Delhi, India

- Completed 8-month Internship
 - Issued: May 17, 2024
 - Affiliate: Luminar Technolab
-

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Web Development:** Django, React.js, HTML
- **Databases:** MySQL, PostgreSQL

LANGUAGES

- MALAYALAM (Native)
- ENGLISH (Intermediate)
- TAMIL (Intermediate)
- HINDI (Beginner)
